

# Summer Clerk Testimonials

by Megan Cant

In deciding where to apply for a Summer Clerkship, I kept in mind where I would like to establish a long-term career. Harmers offered me the chance to work in a variety of interesting and challenging areas and with a skilled team.

"The Team entrusted me with real work that enabled me to liaise and present ideas to a variety of lawyers.."

From Day 1 I felt I was a part of the Team. I enjoyed thorough and invaluable inductions and training that covered everything, from Harmers' principles, its computer systems and current law and issues. My buddy guided me through the clerkship and took me for frequent coffees.

Since there are no rotations the Team entrusted me with real work that enabled me to liaise and present ideas to a variety of lawyers. The tasks covered many areas that I did not expect such as Trade Practices, Constitutional Law and the rules of Evidence. I engaged in legal research, preparation of client briefs and tender bundles, Court visits and attendance at Harmers' events.

Every day Harmers proved it is a Firm composed of pro-active and engaged individuals and team members who aspire to the Harmers' philosophy. I was actively involved in full-firm meetings, social activities and committees.

I recommend applying for a Summer Clerkship at Harmers Workplace Lawyers. You will learn more than you expect and have a fun summer.

"Harmers is a team of proactive and engaged individuals who aspire to the Harmers' philosophy.."
